Adhesive Area  
(10" x .75")

Adhesive Area - Heavy ink coverage is not recommended on the left 3/4" (.75") of the pad because of the adhesive edge.

Bleed Area - Design elements should extend 1/16" (.0625") beyond the finished size of the document to ensure printing to the edge.

Cut Line - Trim area should allow for a mechanical tolerance of 3/16" (.1875") from the text margin to the cut line.

Text Margin - Essential text and design elements should be positioned within the text margin of 3/16" (.1875").
